Your Dermatologist Has Recommended...

Your dermatologist wants the first drug you are prescribed to be the most effective in treating your moderate-to-severe psoriasis. That's why they've recommended Mind.Px.

WHY MIND.PX?

Mind.Px helps you get the right biologic treatment – the first time – by giving your healthcare provider a tool to confidently personalize your treatment plan through this simple patch test on your skin.

IT'S EASY! WE DO ALL THE WORK!

- 1** A Mind.Px kit will be sent to your home.
- 2** Within 24-36 hours, we will contact you to schedule a convenient time to have a mobile technician place the patch on your skin and send the sample to our lab.
- 3** Your healthcare provider will receive your results within 14 days and a personalized treatment plan will be created for you.

If you have questions, please contact a Mindera Health representative via email at mind.px@minderahahealth.com.
